PROFILE SUMMARY

I'm an aspiring web developer with a growing interest in AI and its practical applications. I have experience in software testing, website administration, and finance, which has helped me develop strong problem-solving skills and attention to detail. I enjoy learning new technologies and working collaboratively to improve workflows.

TECH PROJECTS

- CatQuest – single page application (SPA) about cat breeds using React, TypeScript, CSS, HTML, API as part of FooCoding.
- Online Dictionary – React app that provides word definitions and associated images. Built with React, Bootstrap, CSS, HTML, API as part of SheCodes Workshop.
- Weather App – React app that displays current weather and forecast data. Built with React, Bootstrap, CSS, HTML, API as part of SheCodes Workshop.

Fullstack Web Development (React.js, JavaScript, TypeScript, Node.js, HTML, CSS, API)

- **SheCodes Workshop** — 2022 – 2023

Web Development (React, JavaScript, HTML, CSS, API, Bootstrap)

- **Shendrikov Education IT School** *(Ukraine)* — 2021

Advanced QA Manual

WORK EXPERIENCE

QA Engineer | Automation Spirit Alliance *(Ukraine)* — 2021 – 2022

- Conducted manual testing for web and mobile applications across two projects using various types of testing, including smoke, functional, integration, regression, and usability for ensuring reliable applications performance.
- Created and implemented automated test collections in Postman, significantly reducing testing time and freeing developers from routine tasks.
- Proposed and justified major changes to the application's operating principle, leading to a noticeable improvement in application usability.
- Collaborated closely with developers to resolve issues quickly and deliver high-quality features.
- Simplified database structure for one project, accelerating development and improving system efficiency.

Content Manager, Site Administrator | Online Stores *(Ukraine)*   2017 - 2021
- Created and managed two e-commerce websites using CMS PrestaShop.
- Improved product content on a third site, boosting customer engagement.
- Increased Instagram followers through targeted giveaways and improved content strategy.

Chief Economist | Payments and Operations Support Department, Raiffeisen Bank Aval *(Ukraine)*   2007 - 2016
- Supported and controlled currency and loan operations, ensuring accuracy and compliance.
- Automated data processing and reporting tasks using Excel and Access, significantly improving efficiency.
- Consulted bank branch employees, resolving non-standard issues and trained them for enhancing procedural knowledge.
